Re: United States v. Albert Snow
4:07CR00244 WRW

Dear Judge Wilson:

The following are questions the government requests the Court ask during Voir Dire:

1. There may be explicit language in this case. I understand that it may be difficult for you to hear such language. The lawyers and the Court will do their best to limit your exposure to these materials but due to the nature of the case some exposure will be necessary. It is important that you be able to set aside any personal feelings you may have about the material, and fairly consider the evidence and consider whether this defendant is guilty of any of the charge. Will the mere subject matter of this case affect the ability of any of you to listen and later fairly discuss the evidence with the other jurors?
2. Will any of you have difficulty discussing sexual matters with other members of the jury - topics such as intercourse, oral sex, masturbation, and touching?
3. Do any of you have such strong feelings (e.g., that these charges are rarely true, or that they are always true) that would make it difficult for you to be an objective juror in this type of case?
4. Do any of you believe that the Internet should be completely unregulated, such that anything that is said or done on the Internet should remain private, especially if done in the privacy of your home or office?

5. Do any of you believe that Congress and the Government are overreaching in enforcing laws related to child exploitation?
6. Do you personally know of anyone who has been charged with any crime involving the sexual exploitation of children?
7. Have you ever known anyone you thought was falsely accused of sexual abuse?
8. Do any of you believe that what is expected to happen behind closed doors should remain private and should not be prosecuted?
9. Do any of you believe that police officers should not pose undercover on the internet as teenage girls?

Please let me know if the Court needs any further information.

Sincerely,

JANE W. DUKE
UNITED STATES ATTORNEY

NOTE FROM JURY

The defense stated that Albert Snow was entrapped because
officer Barker tempted and enticed Albert Snow. On closing argument number 14
we see that he is not entrapped, even though Officer Barker provided a favorable
opportunity to commit the crime or made committing the crime easier or even participated
in acts essential to the crime. Is temptation or enticement from officer Barker any
grounds for entrapment? Are we to only consider what is stated in #14 as the
definition of entrapment?

ANSWER FROM JUDGE

INSTRUCTION #14 IS THE ONLY
INSTRUCTION REGARDING
THE DEFENSE OF ENTRAPMENT.
